Alice Neuman Schoenfeld was born in 1933 in Uzhorod, Czechoslovakia (also known as Ugvar, Hungary). She was nine years old, and living in Presov, Slovakia, when the Nazis occupied the city and Alice went into hiding with her parents and sister.

Today she lives in Beverly Hills, CA. She is the mother of three children and many grandchildren and great-grandchildren.

She and her late husband, Oscar Schoenfeld z’l, played a major role in building the Beth Jacob Congregation, where she is still very active.

An ardent Zionist, Alice remains very active in many pro-Israel and Jewish organizations including the American Committee for Shaare Zedek Medical Center in Jerusalem. She visits Israel frequently to visit her family and to see the results of her support for many Israeli institutions.

Alice’s acclaimed book, ‘FROM UNGVAR TO BEVERLY HILLS, ONE SURVIVOR’S JOURNEY,’ tells her story – full of drama, tension and insight – is a testimony to the human will to survive against all odds.
A Message From Our Honoree Alice Schoenfeld

Dear Friends,

I am the Honoree for the Shaare Zedek Medical Center of Jerusalem. I am receiving the coveted Jerusalem Humanitarian award this year. I am very excited to receive this prestigious award. Please accept my gratitude.

We have survived the war years in Hungary. We were the lucky ones. We were always together. The family consisting of parents and two daughters. We emigrated out of Hungary in 1946 and spent the next three years in a displaced persons camp in Germany.

We arrived in the United States in August of 1949. My parents, my sister and I. I was 16 years old and my sister was 11 years old. We learned the English language quickly for work and school.

We were free. We could do what we wanted. We became citizens of this beautiful country.

I met my “Beshert” in the DP camp. He lived in Los Angeles. He came to New York and in June 1952 we got married. I followed my husband to Los Angeles and have lived here ever since. My parents and my sister joined us a year later.

We established our lives here. With hard work and perseverance and with God’s help we had a good life. Establishing a large manufacturing company, being well known in the business world.

We have three children. A daughter and two sons. Eventually becoming involved in Jewish education, schools and the Beth Jacob Congregation community, of course being involved in many aspects of the State of Israel, as Zionism was imbedded in our lives growing up.

The State of Israel is a miracle in our lifetime.

Our State of Israel is one of the most important parts of our lives.

Two of our children made aliyah, David, Barbara and son Eli, made Aliyah in 1992. Their family was enlarged by three more children. They live in Givat Zeev.

Esther and her husband, Eddie made Aliyah in 2010. They live in Zichron Yaakov, son Ariel made Aliyah after finishing high school. Continued in yeshiva and the army. Ariel and Tamar and their family live in Ma’alot. Esther and Eddie’s daughter Ma’ayan
followed her parents. Made Aliyah a few years ago, lives in Jerusalem with her husband and baby girl.

Alan and Elisa live in Los Angeles, son Carmiel and Sara, two children live in New Rochelle. Their daughter Amira lives in Los Angeles, two sons live in New York.

My husband Oscar, (Oszi) z”l had lived among us until 2004. He was a man whose life was intertwined with family, work, kehila, education, chesed. In his background was lovely family of parents, many siblings.

He was next to the youngest in a large family, known for his many pranks and jokes. Attended a gymnasium in the City of Munkacs, where he was born. The Hebrew language which was taught in that school was fluent on his tongue. He was an ardent Zionist. During the war years he worked with the “Bricha” organization helping Jews to escape from Hungary. He took false papers with him to Munkacs to try to save his family from being deported. Only two of his sisters followed him. He promised his father that he will take care of them. He quoted from the Torah “I will take personal responsibility for them”. He did.

My parents Rosa and Jacob Neuman, z”l lived among us many years. They were wonderful years. My children were proud they had grandparents living here. We were lucky. God was good to us.

Now I am also a grandmother and great grandmother. I share my time with all of them whenever possible. Most live in Israel and New York. Only zoom is now the best communication.

We hope this too shall pass.

We went through some difficult experiences during the Second World War. With God’s help we survived it. If you will read my book, “From Ungvar to Beverly Hills” you will learn more details about my family’s survival.

I wish everyone at the Shaare Zedek Medical Center, doctors, nurses and its supporters all over the world good health and happiness.
Gabriel and Rebeka Boxer currently live in Hewlett, NY with their four children, Johnathan, Anna Ruth, Deena, and Ella Rose. They attend Congregation Anshei Chesed and the Young Israel of Hewlett. Gabriel and Rebeka both grew up in modern Orthodox homes where supporting Israel was an integral part of their education. They sent their four children to HAFTR, which the Boxers chose especially for its Zionist philosophy and the legendary love of Israel which is inculcated in the students.

Gabriel Boxer is the chief revenue officer of Velocity Capital Group, a small business financing company. He is also the founder of Guru Marketing, a marketing and consulting company that specializes in the kosher food industry. Known as the “Kosher Guru”, Gabe is a leading kosher industry food and restaurant personality and social media sensation with more than 47,200 followers on Instagram who runs one of the largest and fastest organically growing Kosher Foodie Facebook Groups “Kosher Guru’s Kosher Nation.”

Gabriel got involved with Shaare Zedek by using his expertise and connections in the kosher food world to help enhance several of our events, including our Children’s Champions young couples’ event. This year, with Gabe’s help, we were able to hold our first VIP Chef Event, which raised crucial funds in support of the Emergency Room expansion at Shaare Zedek.

During the height of the Covid-19 pandemic Gabe started Kosher Response, to show gratitude to the heroes on the front lines, by delivering kosher food to doctors, nurses, hospital staff, police and other front line heroes who are saving lives and keeping us safe. This initiative also helped support local kosher small businesses. Kosher Response has since moved into Phase 2, which initiated various programs to assist thousands struggling with food insecurity, including feeding hundreds of people every Friday for Shabbat in the 5 Towns community and beyond.

It is with great honor that we present Gabriel and Rebeka Boxer with the Lev Tov award in recognition of all the chesed they’ve done for Shaare Zedek and the Jewish community at large.
Julia Holtz, Michal Jungreis and Zachary Lyons served as co-chairs of the Shaare Zedek Medical Center College Board in 2019-2020. Although it was a challenging year for an event, thanks to their great teamwork and leadership, the 2020 college event successfully pivoted from a Bowl-A-Thon to a Virtual Run with more than 200 participants. The event raised crucial funds in support of the Shaare Zedek Covid-19 Hospital.

Julia Holtz was born and raised in Merion, PA. She attends the Fashion Institute of Technology in NYC and is currently spending the semester at Hebrew University. Julia spent a gap year at Midreshet Moriah and interned at Shalva, helping children with disabilities. She got involved with Shaare Zedek during her freshman year of college as a team captain for the College Bowl-A-Thon. Julia went on to be appointed co-chair of the 2020 Shaare Zedek College Board, where she worked hard to fundraise and recruit college students to participate in this year's Virtual College Run. Through her leadership, dedication and positive outlook, Julia motivated her teammates. Her team was one of the top fundraising teams for the past two years.

Michal Jungreis grew up in Lawrence, NY and is a sophomore at Baruch College. She first got involved with Shaare Zedek two years ago as a team captain for the annual College Bowl-A-Thon. The following year, she became a co-chair of the 2020 Shaare Zedek College Board. Motivated by her love for chesed and helping others, Michal has spread awareness for Shaare Zedek ever since she got involved, and she has not stopped since! Thanks to her outgoing and warm personality, she encouraged her peers to join and support the Shaare Zedek Virtual College Run.

Zachary Lyons grew up in Lawrence, NY and is a Junior at Yeshiva University’s Sy Syms School of Business. Since 2016, Zachary has been involved with helping special needs and at-risk children in both Israel and the United States. In 2019, Zachary joined the Shaare Zedek College Board, and was a team captain for the College Bowl-A-Thon. Zachary became a co-chair of the College Board in 2020, and his hard work, creativity and persistence contributed to strengthening the college board to be successful with their Virtual Covid Campaign.

Dear Friends

I am honored to be awarded the Jerusalem Humanitarian Award by the American Committee for Shaare Zedek Medical Center in Jerusalem.

The Medical Center is one of the most prestigious hospitals in the world. It is at the forefront of extending aid in times of disaster to countries around the world. It is also very well equipped to handle a great number of newborn babies that are born every year. The Hospital is known as the “hospital with a heart” and is situated on two campuses in our historic city Jerusalem. It is 118 years old and has 1000 beds.

I wish to express my appreciation to Professor Jonathan Halevy for his many years of service and leadership to the Hospital. To Professor Ofer Merin and the entire staff of Shaare Zedek may you go “mechayil el chayil” in continuing to provide cutting edge medical service to all people.

I want to thank the American Committee and especially Rachel Wolf and Paul Jeser for bringing me into the leadership and donor community. They both do outstanding work on behalf of Shaare Zedek. I will continue to do my utmost toward supporting this worthwhile institution.

As a longtime very generous supporter of Shelters for Israel's projects, your commitment to helping Israel's institutions like Shaare Zedek has helped make Israel that much stronger.

Established in 1948, Shelters for Israel is celebrating our 72 year legacy of funding projects throughout Israel.

Last year, 'Shelters' funded a Pediatric Isolation Room in the Children’s Dialysis Center at Shaare Zedek, and that is only the most recent of many other projects that we have supported at Shaare Zedek.

As the time approaches closer to the Shaare Zedek Medical Center National Tribute, I wanted to be able to share our congratulatory wishes to you on receiving the Jerusalem Humanitarian Award. It's so well deserved and an honor to be able to celebrate and support this great place of healing alongside your wonderful family and dear friends.

I also recently had an opportunity to watch your video sharing part of your miraculous Holocaust story of survival when you were interviewed by Roz Rothstein of Stand with Us. Though I have read your book a long time ago, listening to you tell your incredible story in your voice is a testament of the incredible spirit and mind that you possess and how strong your will was during those very dark and horrible years. A miracle of survival indeed, but knowing you, it's all part of your enormous legacy that we your friends from near and far who are blessed with your cherished friendship can learn from and admire each time we are together.

I remember fondly our trip together with Shaare Zedek to China and the enormous love and respect that surrounded you as strangers traveling together got to know you and love you. I felt a special protective gene in knowing I had the advantage that our families in Los Angeles share a deep and wonderful friendship and history. I wanted you to be comfortable and not left alone and of course you so independent and charming ended up being one of the admired members of our group. Both my dear father Jack Nagel, z”l and my dear mother Gitta have a tremendous love and respect for you, your history, your family and your many wonderful accomplishments. I’ve learned that life is a gift and each day is to be savored and cherished and being together with you I saw beauty, wisdom and strength.

We look forward to proudly cheering for you as this wonderful recognition and honor is being bestowed upon you. The Jerusalem Humanitarian Award represents everything about who you are and the multitude of people you have reached with your generosity and kind heart.

May the Almighty watch over you and continue to bless you with good health, long years, happiness, love and much yiddishe nachas from your beautiful family. And May we always and together share these wonderful moments in each other’s lives till 120.

With great love and respect for you always, Mazal Tov!

embraced me from the first day we met,
more than sixty years ago

Whether in Israel or the United States, she completely
devotes herself to helping others and Israel

If you only count what she has done for me, it would be
enough to honor her for her kindness

She has supported me emotionally, physically, financially

She visited me when I had surgeries, brought me home for
Shabbat and included me in all her family simchas

She is sensitive to the needy and gives more than herself,
more than expected

I have always admired her devotion and support to Israel,
including helping to build Shaare Zedek

“Do not stand idly by while your brothers’ blood is being spilt”

Hamas, Houthis, Hezbollah, the Mynamar Military the betrayal of Kurds all of which bestows on the world vast numbers of victims, the ignoring of which is on a par with the non-bombing of the rail lines to Auschwitz

Yet tobacco, which also has been a killer, but one geometrically greater (in all five of our beloved homelands) goes virtually unnoticed*

Let us strive to help our nicotine addicted brethren desist from assisting the Hitlers of the world by gassing with their own hands themselves and their families

In view of this self-destructive reality and in recognition that one not part of the solution is an underlying cause of the problem, to remain so politely passive makes this placement of a stumbling block in the path of the blind ever more sinful

Dear Alice

We are extremely grateful for, and will never forget, all of the support and love you gave us during our time in Los Angeles.

Your support for Beth Jacob was a role model for all to follow and so much appreciated.

You are a true Zionist and your support of all things Israel has had a major impact on our homeland.

The Los Angeles Jewish Community, the State of Israel, and the Jewish People will benefit from your leadership and support for decades to come.

We wish you only the best and offer a נל ההברות! (Kol hakavod!)

Love,

Yael and Rabbi Steven Weil
